## ***Be a part of it!!***

Richmond Rink brought ice skating back to Twickenham after 21 years.

Help to keep ice skating in Twickenham.

It costs in excess of £100k to install and operate a temporary ice rink for 6 weeks, but we have successfully brought the ice rink to Twickenham for 3 years.

Ticket sales cover a major percentage of overall costs of the ice rink, but sponsorship, advertising income and income from the food & drink concessions is needed.

Sponsorship and advertising opportunities to suit all budgets.

**Be a part of it and become a rink sponsor**

How can you be a part of Richmond Rink?

Read on ...

**[www.RichmondRink.com](http://www.RichmondRink.com)**

All the following costs need to be met; sponsorship for any of them will help Twickenham's popular community ice rink to go ahead and return for another year.
